

WHERE ARE THEY NOW???

Renea Jarrard

Renea Jarrard graduated from Rabun County High School with the class of 2000. Upon graduation, she continued to work as a pharmacy technician at CVS in Clayton for six years. Renea then took a job with South State Bank in Clayton as a customer service representative. She stayed with the bank for 12 years through many name changes. After 12 years with the bank, Renea decided she wanted to work for the school system. She accepted a job as the Student Services administrative assistant for the Rabun County School System, where she has been employed for the last four years.

Renea has been married to her husband, Josh, since 2003. Together they have 2 children who both attend Rabun County High School. Renea believes her greatest accomplishments are her children and how much she has enjoyed her time working for the Student Services Department during her time with the school system.

Renea has a few words of wisdom for students currently attending Rabun County Schools:

- “Work hard, but take the vacation.”
